Commissioner for Patents

Sir:

Applicant hereby petitions to have the filing date changed from April 19, 2004 to the original filing date of March 19, 2004.

FACTS

On March 19, 2004, Applicants filed a divisional application based on pending parent Application No. 09/794,402. The divisional application included a filing/transmittal letter, a copy of the parent application (including the specification, claims and abstract - 50 pages total), a copy of the Declaration from the parent, a Preliminary Amendment and an Information Disclosure Statement. A Request for Early Notification of Serial Number postcard accompanied the divisional filing.

PETITION TO CORRECT FILING DATE
U.S. Appln. No. 10/803,976
Attorney Docket No. Q80612

About a week later, the undersigned's office received the Serial Number Card in the mail. The PTO accorded the divisional Application Serial No. 10/803,976 and a filing date of March 19, 2004, as reflected on the PTO sticker applied to the postcard. The Serial Number Card also indicated on the left-hand side that the PTO allegedly did not receive "Specification, claims, Abstract, drawings¹, Declaration, etc." See Exhibit A, which is a copy of the postcard containing the PTO's notation.

In response to the serial number card, on April 19, 2004, Applicants filed a paper entitled "Resubmission of Transmittal Letter, Specification, Claims, Abstract, Preliminary Amendment, Declaration and Information Disclosure Statement with Form PTO/SB/08 A&B as Filed on March 19, 2004" (Exhibit B), accompanied by copies of the divisional filing/transmittal letter, the application (specification, claims, abstract - 50 pages total), Preliminary Amendment, Declaration, and Information Disclosure Statement with Form PTO/SB/08 A&B as filed on March 19, 2004. Applicants requested that these papers be processed as a divisional application with a filing date of March 19, 2004.

Applicants have proof that the application (specification, claims, abstract - 50 pages total) Preliminary Amendment, Declaration, and Information Disclosure Statement with Form PTO/SB/08 A&B were originally filed along with a check in the amount of \$770.00 on March 19, 2004. The filing of all these papers is evidenced by the PTO stamped Filing Receipt for the

¹ No drawings were submitted with this Application.

PETITION TO CORRECT FILING DATE

above identified application - copy enclosed as Exhibit C. A copy of check No. 243159 for the base fee of \$770.00 which was cashed on March 22, 2004, is also attached as Exhibit D.

Further, Applicants stated in the Resubmission of April 19, 2004, that "In the event that a Petition is required to preserve Applicants' right to the original divisional filing date of March 19, 2004 for the above identified application, this Resubmission should be construed to be such a Petition" and authorized to charge all required fees. Up to date, Applicants have not received any response from the PTO in this regard.

Applicants subsequently received the Official Filing Receipt, which included the incorrect filing date of April 19, 2004. A Request for Corrected Official Filing Receipt was filed on July 28, 2004. That resulted in the issuance of the enclosed Response to Request for Corrected Filing Receipt mailed September 1, 2004 (see Exhibit E), which refused to correct the filing date and invited the present Petition.

THE PETITION SHOULD BE GRANTED

In view of the foregoing, Applicants respectfully submit that there is uncontested evidence establishing the filing date of the above-identified application as March 19, 2004, and therefore request that the PTO correct the above application's filing date to March 19, 2004.
